

Week 11 Power Rankings

- 1. Thunder (30-3)** – John wasn't in action last week, but I'll tell you who was Punda's Dad and his buddies were on one. (Last Week 1) (PPG 31.2, PA 12.6)
- 2. Armageddon (28-5)** – Same for these guys. If anyone has a chance at a championship besides Thunder it's these guys, but they have to show up in the playoffs. (Last Week 2) (PPG 30.2, PA 16)
- 3. Unknowns (28-5)** – Playing great football, but I really want to see this team make a playoff run. (Last Week 3) (PPG 26.4, PA 18.2)
- 4. Untouchables (21-12)** – Billy was back in action after the birth of his first child, but I think being a dad has already softened him. Back to Back loses this week makes it a tight race for a Division Championship. (Last Week 4) (PPG 22.7, PA 19.2)
- 5. Dome (23-10)** – Hopefully Kyle comes back this week, because they are awful without him. (Last Week 5) (PPG 25.5, PA 18.9)
- 6. Norsemen (21-12)** – Rough week for them tough loss to Lake Flacid then had to play 2 of the top teams in the league. These guys have played in a championship before so they have the experience. (Last Week 6) (PPG 25.9, PA 17.5)
- 7. Lynch Mob (21-12)** – Goodrum and his new no. 1 receiver are looking unstoppable. Could be primed for a post season push. (Last Week 8) (PPG 21.4, PA 17.4)
- 8. Gunshow (20-13)** – Capable of scoring 50, but also capable of laying a stinker. (Last Week 7) (PPG 21.8, PA 15.4)
- 9. Pez (19-14)** – Knocked off Untouchables and the D looks pretty good right now. Team is clicking at the right time. (Last Week 9) (PPG 20.8, PA 16.3)
- 10. Outkast (19-14)** – Most likely to finish in the middle of the pack. Haven't heard much from them in the last few weeks. (Last Week 10) (PPG 22.9, PA 22.5)
- 11. Crack Attack (18-15)** – Polished off Armageddon to go 3-0 for the week. Also, in a tight race for playoff position. (Last Week 11) (PPG 20.2, PA 20.1)

12. **Freaky Fast (16-17)** – 1-2 as Freaky Fast. Not a good way heading into the playoffs. It's a tight race for a few seeds of the tourney. (Last Week 12) (PPG 21.2, PA 20.9)
13. **Schmutechs (15-18)** – 3-0 for the first time in the Marcus era. Forget the comparison of MJ to LeBron. What about Marcus to Calvin Johnson? (Last Week 14) (PPG 20.8, PA 21.7)
14. **Lake Flacid (14-19)** – These guys may argue with the refs the most. They are a good watch if you get a chance. (Last Week 13) (PPG 19.9, PA 21.3)
15. **Goodfella's (12-21)** – Went 3-0 last week. I think it's about time we add the Sal Special back to the menu. (Last Week 16) (PPG 19.1, PA 23.3)
16. **Crush (10-22)** – Finally back to the Crush I remember. At least they'll stay out of the bottom 4 seeds of the tourney. (Last Week 15) (PPG 15.3, PA 22.9)
17. **Primetime (5-28)** – What happened to the QB that danced in the pocket like Peyton Manning? (Last Week 17) (PPG 11.6, PA 25.2)
18. **The Lightning (5-28)** – They need a less intimidating weather name like The Clouds. (Last Week 18) (PPG 13.5, PA 25.9)
19. **Fumble This (3-30)** – Gave scorgasms their first and most likely only win. (Last Week 19) (PPG 13.6, PA 26.4)
20. **Multiple Scorgasms (1-32)** – Not sure if I was rooting for them to win or lose. Also, can you guys share flags with this team for some reason every week they are the only team that doesn't have flags. (Last Week 20) (PPG 10.6, PA 33.8)
