

Week 7 Power Rankings

- 1. Thunder (20-1)** – The 72-10 Chicago Bulls, think the Thunder are dominant. (Last Week 1) (PPG 31.5, PA 11.2)
- 2. Armageddon (19-2)** – The Bears should have hired the OC of Armageddon for their Head Coaching Vacancy. (Last Week 3) (PPG 31.1, PA 15.3)
- 3. Unknowns (18-3)** – Finally playing to their potential. I've always been a closet Unknowns fan. I guess I'm out of the closet now? (Last Week 4) (PPG 24.8, PA 17.4)
- 4. Dome (17-4)** – Really looked awful this week. It doesn't help QB Kory Fortman is late to team meetings and games. This will make it harder to resign Free Agent Robert Rapp. (Last Week 2) (PPG 25.5, PA 17.2)
- 5. Norsemen (14-7)** – This is the week to play Norsemen they still haven't digested all the dairy from the Grilled Cheese's they ate last Friday (Last Week 5) (PPG 25.3, PA 16.5)
- 6. Untouchables (14-7)** – Good win over Gunshow last week. Sonny looked a little lighter on his feet. I just heard about the diet he invented, the caveman diet. (Last Week 6) (PPG 24.6, PA 20.9)
- 7. Gunshow (14-7)** – These guys never get their record right because the refs can't write down the correct scores. So I too have a complaint for the ref. (Last Week 8) (PPG 20.9, PA 13.8)
- 8. Lynch Mob (13-8)** – Jim Goodrum was about as pumped as a man of his age should get during their win against Dome last week. (Last Week 10) (PPG 20.2, PA 18.4)
- 9. Crack Attack (12-9)** – I think what hurts this team the most is their lack of Ciara's. (Last Week 9) (PPG 21.2, PA 19.2)
- 10. Outkast (11-10)** – All the sudden these guys can't win. (Last Week 7) (PPG 21.6, PA 23)
- 11. Pez (10-11)** – Eric had to go all Coach Tibbs on his team a few weeks ago. Hopefully, that got them going in the right direction. (Last Week 12) (PPG 19.8, PA 17.2)

- 12. Lake Flacid (8-13)** – These guys got the first taunting penalty I've ever seen last week. (Last Week 15) (PPG 19, PA 23)
- 13. Blue Zone (9-12)** – Starting to play some good ball the last few weeks. (Last Week 13) (PPG 20.7, PA 21.9)
- 14. Goodfella's (9-12)** – The Party Rankings are between Goodfella's and Norsemen for the top spot. (Last Week 11) (PPG 18.5, PA 21.1)
- 15. Schmutechs (7-14)** – The addition of Marcus has done absolutely nothing for this squad. (Last Week 14) (PPG 19.8, PA 17.2)
- 16. Primetime (5-16)** – I'm putting these guys above Crush solely on the fact they are in so much better shape than them. (Last Week 18) (PPG 13.3, PA 23)
- 17. Crush (5-16)** – Where's Dan Toppel when you need him? (Last Week 16) (PPG 14.3, PA 23.4)
- 18. The Lightning (3-18)** – 0-3 this week, what's new. If you notice I didn't even have to change the first sentence from last week. (Last Week 17) (PPG 14.5, PA 27.2)
- 19. Fumble This (2-20)** – Sorry for the 4 game week. I'll give you a 2 game week in week 9. (Last Week 19) (PPG 13.7, PA 26.8)
- 20. Multiple Scorgasms (0-20)** – Sorry for the 2 game week, but you probably enjoyed it. I'll give you 4 games in week 9. (Last Week 20) (PPG 6.3, PA 33.9)
